BOSTON, MASS. BANKERS AND BROKERS.

Boston, Mass., March 23.-Market opened strong and after a short

and small reaction shorts tried to cover, causing a sharp raily at around. Allouez and C. & A. were strong features of local market and

advanced easily on small demand. Further strength was reported in

copper trade circles and outlook for higher prices in coppers is good

in giving the location of the diamond drill work. The correct description is S. E. J. of the N. W. J. of Section 2 Just before the strike some mules \$535,068,07 were purchased to be used for tramminic. They have need used encouse olly at one of the other mines in the \$849,946.08 | district, and it is hoped that conditions

> report was called July 23 last by the Western Pederation of Miners, an ofgamization with headquarters in Dever abstorate. It was joined in b onto a small minority of our emploees, and many of these were forced

This organization entered the conmunity with a notorious record of bro tality, disorder and crime, extends over the post twenty years.

The strike was inhugurated with t same brutality, disorder and cris ind stiempts by violence to preve the great majority of our employe from continuing work.

The mille oblines of 20,000 labour ints of the couper country, repeated expressed in public meetings, repreenting every class of employment as handress, emphatically disapproves t accoduction into the community of a organization whose history, principl \$352,201.01 and recent performances make it beautinuous menuce to the peace m resperity of the district.

Your management has felt it to its duty to its loyal employees, to the sommunity and to its stockholders refuse to have any dealings with the erganization and to refuse to empl its mentlers.

For a time production was serious surrailed to intimidation and violens alt at the present time operations as fast assemilia normal proportion Many of the miners left the distric became they aid not when to be en profied in the strike, and, while a re have already retirened time will personant in which to train the ne men in this branch of the work fit o her to supply rock for a greater work ing force. So far the new men prom be well for tuture operations,

Cin March 14 1914; the company had 507 men as compare with a moraling force of 700 men has

Attention is suffed to the face the for the first six mouths of the year the penings made were 11,872 feet, and planned to re-establish this rate maintain the mine in proper working ampe for moreward production.

### STOCKS

#### BOSTON STOCKS

Boston, March 21 - Just one fact tood out prunimently in today's marhat transactions and that was that h was very difficult to buy. A strong opening was followed by a small or cession and for most of the session afterwards stocks crept slowly bu steadily higher. The Hill stocks were most commissions but coppers were chose second. Many or the shrewdee people are predicting a copper boom. The reasons for it are opearent enough become it is evident that the copper increase is in hest condition of an bortness in true place and in secur place supper shares are thoroughly is quadated.-1.
